

# The International Symposium on Remote Sensing of Environment

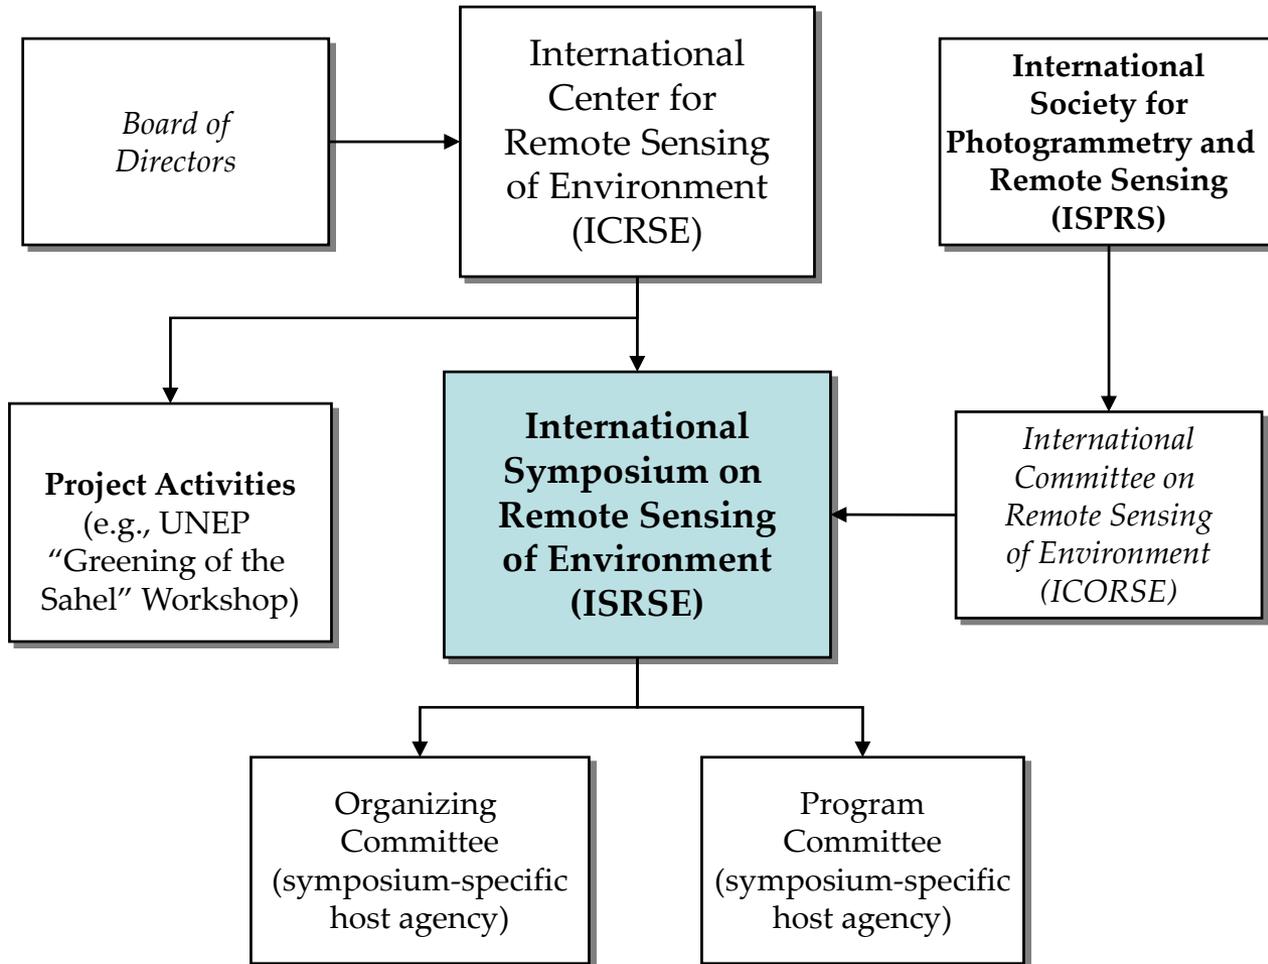

# History

- First ISRSE was held in Ann Arbor, Michigan in 1962
  - Organized by the Willow Run Laboratories of the University of Michigan (later, the Environmental Research Institute of Michigan [ERIM])
- Thirty-two symposia have been held since
  - Oldest continuous remote sensing conference in the world

# Organization

- In 1994, the International Center for Remote Sensing of Environment (a non-profit 501(c)(3) corporation) created to take responsibility for ISRSE
- Symposium oversight is provided by the International Committee on Remote Sensing of Environment (ICORSE)
  - In 2000, ICORSE became a standing committee of International Society for Photogrammetry and Remote Sensing (ISPRS)

# INTERNATIONAL SYMPOSIUM ON REMOTE SENSING OF ENVIRONMENT

# ICORSE members

# Past Symposia

- 32<sup>nd</sup> Sustainable Development through Global Earth Observations  
June 25-29, 2007  
San Jose, Costa Rica
- 31<sup>st</sup> Global Monitoring for Sustainability and Security  
June 20-24, 2005  
St. Petersburg, Russia
- 30<sup>th</sup> Information for Risk Management and Sustainable Development  
November 10-14, 2003  
Honolulu, Hawai'i
- 29<sup>th</sup> Information for Sustainability and Development  
April 8-12, 2002  
Buenos Aires, Argentina
- 28<sup>th</sup> Information for Sustainable Development  
March 27-31, 2000  
Cape Town, South Africa

# The Joint Research Centre of the European Commission

is pleased to propose hosting the

2009 edition of the

International Symposium for Remote Sensing of the Environment

(ISRSE 33)

in **Stresa, Lago Maggiore, Northern Italy.**

May 2009

# ISRSE 33 in 2009

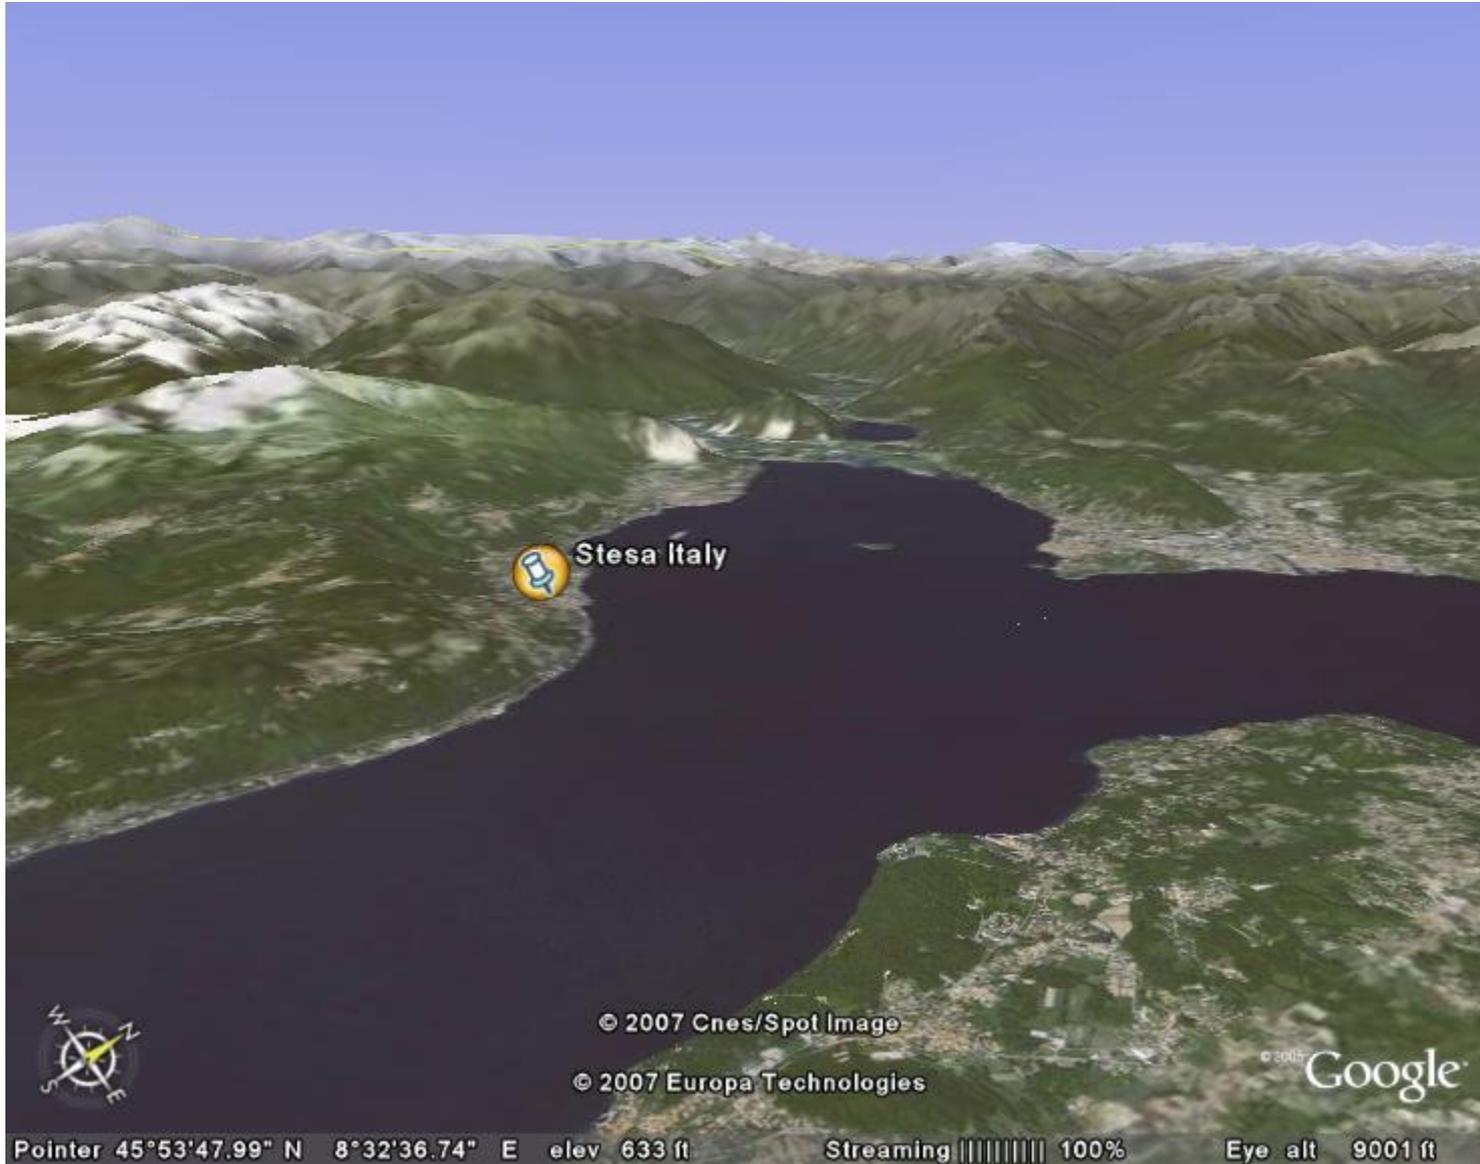

The JRC will provide support to the organization of the 2009 ISRSE-33 in close collaboration with:

- the European Space Agency (ESA)
- the European Organisation for the Exploitation of Meteorological Satellites (EUMETSAT)
- the GMES Bureau
- the GEO Secretariat
- the European Space Industry
- the Italian Authorities
- other Services of the European Commission
- other partners

The Joint Research Centre  
invites you all to the  
33<sup>rd</sup> ISRSE  
May 2009 - Stresa, Italy
