Fall 2011 ICCAGRA Meeting

0830-1630 Tuesday September 27, 2011

Consortium for Ocean Leadership
1201 New York Ave, NW, 4th Floor
Washington, DC 20005

The Interagency Coordinating Committee for Airborne Geosciences Research and Applications (ICCAGRA) is established to improve cooperation, foster awareness, facilitate communication among sponsoring agencies having airborne and instruments for research and applications, and serve as a resource to senior level management on airborne geosciences issues. The Committee will address interagency cooperation issues as they pertain to the use of airborne platforms and payloads for individual investigators as well as national and international field campaigns.

A GoTo meeting teleconference will be available.
